

Steam Turbine Overhaul & Repair

Westinghouse™ turbine received for inspection and repair

Refurbished turbine with governor conversion

With nearly a century of turbomachinery experience and a tradition of excellence, Elliott can provide you with a single, comprehensive source for all your rotating equipment needs. We know what it takes to keep your equipment performance high and your maintenance cost low.

Elliott repair facilities are staffed by qualified personnel with a diverse experience base in repair techniques and procedures. They are ready to respond to your service requirements in a timely manner with the proper equipment. All Elliott facilities are ISO 9001:2000 certified and service is available 24 hours a day, seven days a week.

Elliott introduced its first models of steam turbines in the 1920's and since then has developed a wealth of experience in the service and repair of industrial steam turbines. The Elliott service facilities in Burlington, Ontario and Edmonton, Alberta are fully equipped and staffed to perform repairs, modifications, and upgrades to most makes and models of industrial steam turbines:

- Elliott®
- Westinghouse®
- GE®
- Dresser-Rand®
- Terry®
- Murray®
- Coppus®
- Turbodyne®
- Worthington®
- Delaval®
- Brown Boveri®
