SUBJECT: Elliott Group Announces Grand Opening of New Service Center in India

---

Bengaluru, India, September 29, 2015 – Elliott Group announced today that it will open a new, 3,530-square-meter turbomachinery service center on September 30, 2015, in the Bidadi Industrial Area southwest of Bengaluru, India. The new facility will repair and maintain rotating equipment for customers in the oil & gas, chemical, petrochemical, refining, and steel industries. The facility is located near the Bangalore-Mysore expressway which will simplify the movement of equipment and components.

The Bengaluru service center is fully equipped and staffed to repair all components of centrifugal and axial compressors, steam turbines, and hot gas expanders, including diaphragms, rotors, impellers, blades, bearings, and casings. The service center utilizes advanced welding technologies including TIG, pulse, and submerged arc welding, nondestructive testing, dynamic balancing, specialty machining, and custom parts manufacturing. The facility includes a dedicated rotor storage area.

The Bengaluru service center is the newest addition to Elliott Group's Global Service network and represents an expansion of Elliott's long-time presence in India and our global capabilities. Elliott Group operates 18 service centers in China, Taiwan, Japan, Europe, the Middle East, and North and South America, supported by parts depots in Japan, the UK, and the US. Elliott field service crews operate everywhere in the world, supported by regional engineering offices in Singapore, Switzerland, and the US, and by Elliott Group's major manufacturing facilities in Japan and the US.

## NEWS RELEASE

9/29/15

For more than 100 years, Elliott Group has designed, manufactured, and serviced reliable, efficient turbomachinery for a wide variety of industrial applications. Over 70,000 units of Elliott equipment have been installed worldwide, and hundreds of Elliott machines are in service in India today. Elliott's new Bengaluru service center is a single, comprehensive source of engineering support and service for rotating equipment from any manufacturer.

Mr. Sadanand Bhavanishankar is General Manager for the Elliott Bengaluru service center. The telephone number for the facility is +91-80-4663-4500.

### About Elliott

Elliott Group is a global leader in the design, manufacture, and service of technically advanced centrifugal compressors, steam turbines, power recover expanders, and axial compressors used in the petrochemical, refining, oil & gas, and process industries, as well as in power applications. The company employs 2600 persons in 40 locations around the world. Elliott Group is a wholly owned subsidiary of Ebara Corporation, a major industrial conglomerate headquartered in Tokyo, Japan. Ebara employs 15,000 people and has sales of US \$5 billion.
